Dear Bineesh,

Thank you very much for your letter dated January 21st, 2009, outlining the details of the Children's Run Across Canada. We are honoured to have been chosen as one of your recipients, with the money supporting the new Children's Emergency department at Surrey Memorial Hospital.

As the designated referral centre for child and youth services, Surrey Memorial Hospital provides care to children with complex health care needs. All pediatric patients entering the new Emergency Centre will be treated in the new Emergency Centre's Pediatric Program Area, designed to meet the specific care needs of our young patients.

The new Children's Emergency Centre will be bright and family-oriented and will include fully-equipped nursing stations as well as a dedicated bed area. It will be separate from the acute and mental health treatment areas to reduce anxiety for children and their families.

We are truly grateful for your support and we look forward to working with you on this important event.

Sincerely,

Jennifer McMann
